

Ryde Secondary College

Parents & Citizens Scholarships

Closing date: Thurs 24th March 2016

Ryde Secondary College is pleased to announce that its *Parents and Citizens Scholarships* are open for application. These scholarships focus on fostering participation of students whose opportunities would be more limited without this support.

10 x scholarships for up to \$1000 are open to students seeking further opportunities to achieve their academic, vocational, sporting, creative and performing arts, community and/or cultural goals. They may be used to:

- *support students experiencing disadvantage in pursuing their academic and/or vocational goals*
- *enable students to transition smoothly from school to further studies and/or training*
- *enhance students' engagement and achievement in all aspects of their studies*
- *foster participation of students in a range of sporting, creative and performing arts, community or cultural activities*

Selection of applicants will be undertaken by a panel and is based on the following criteria;

- students are enrolled at Ryde Secondary College
- completion of an [online application](http://www.surveymonkey.com/r/GW5GBR2) at <http://www.surveymonkey.com/r/GW5GBR2> outlining potential reasons for seeking scholarship including:
 - a statement of goals that can be either academic, vocational, sporting, creative, performance, community and/or culturally based
 - a statement of how funds would assist them in achieving these goals
 - any other special circumstances or needs
- all candidates will be interviewed to discuss scholarship details and opportunities

These scholarships would not be possible without the generous support of our P&C and we thank them for their contribution.

All inquiries about *Parents & Community Scholarships* can be made via the front office or through contacting Mr Alex Newcomb on 9809-4894.
